

Judy Melillo
Westchester Go Red For Women Movement Chair

Judy Melillo, Vice President, General Counsel and Secretary for FUJIFILM Holdings America Corporation, is leading the Go Red for Women movement in Westchester County. As chair, Judy plays a crucial role in raising awareness and funds to fight the number one killer of women: heart disease.

For this campaign, my goal is to help women learn the importance of taking care of ourselves," said Judy. "In 2017, an article in WorldBank.org written by Patricio V Marquez and co-authored by Melanie Walker was titled *Healthy Women are the cornerstone of healthy societies*. And it's true. The only way we, as mothers, wives, sisters, daughters, friends and co-workers, can continue to take care of others is by prioritizing our own health and wellbeing. Our lives depend upon it, and our families, friends and co-workers depend upon us."

Judy Melillo joined Valhalla-based Fujifilm in 2005 and has served as General Counsel since 2013. Judy has been instrumental in building a corporate governance structure that can address the challenges of a dynamic and expanding global corporation. Her teams generally manage the legal, compliance and environmental, health and safety affairs of the corporation and its 21 North American and Latin American subsidiaries.

She earned her B.A. in political science from Boston College, and graduated as valedictorian of her class from Elisabeth Haub School of Law at Pace University. Prior to joining Fujifilm, she was an associate at Davis Polk & Wardwell LLP in New York City. Judy, her husband Mike, and their two sons are longtime residents of Westchester County.
